

Innovation.

The Drexmet[®] Paint Pen Touch-Up Paint System.

The low cost, efficient touch-up paint system, which quickly and easily diminishes scratches on metal roofing panels – saving time and money!

The New, Innovative Touch-Up Paint System.

Since 1985, Drexel Metals has provided a full range of superior-quality engineered metal roofing systems, equipment and custom fabrication services for commercial, governmental, industrial, historical and architectural customers throughout the world, introduces the Drexmet® Paint Pen, the first “contractor friendly” Air Dry touch-up paint system. The Drexmet® Paint Pen is the first of its kind in the industry and utilizes a Fluoropolymer Air Dry System. Developed with the contractor in mind, the Drexmet® Paint Pen is the lower cost and more efficient alternative to other touch up systems. The Drexmet® Paint Pen allows contractors to quickly and easily touch-up scratches on the metal panels, saving time, money and future potential problems. No waste, no spillage, no brushes and no cleanup.

Your local sales representative can help you match the right Drexmet® Paint Pen color with the color of your metal roof. Contact your sales representative or call toll-free 888-321-9630 for pricing and more information.

“Drexmet® Touchup Pen is one of the most useful inventions the metal construction industry has seen in years because it makes the process easy for contractors to fix scratches and lasts for a very long time.”

*Andy Anderson –
Partner at Interstate Panel, N.J. and
former President of Ultra Seam Group*

The Drexmet® Paint Pen is available in all of our non-metallic stock colors and has a shelf life of up to six years!
